Effective Date: July 1, 2001.

Explanation of State Expenditures: This bill is expected to increase state General Fund expenditures over current expenditure levels in the Medicaid program by about \$3.6 M in FY 2002 and \$7.4 M in FY 2003. [Total additional Medicaid expenditures are estimated to be \$9.4 M in FY 2002 and \$19.4 M in FY 2003. This includes additional federal reimbursement to the state of about \$5.8 M in FY 2002 and \$12.0 M in FY 2003.]

Background: This bill provides for a 6% increase in reimbursement rates for services provided under the Medicaid HCB waivers in FY 2002 over existing rates. The bill also provides for an increase of 6% for FY 2003. The five HCB waivers include the ICF/MR waiver, the Aged and Disabled waiver, the Medically Fragile Children's waiver, the Autism waiver, and the Traumatic Brain Injury waiver. The FY 2002 expenditures under the five waivers are estimated to be about \$157.3 M, resulting in the estimated expenditure increases described above.

The Medicaid program is a cost-shared program with the state share of expenditures currently equal to about 38%. The federal share of expenditures is about 62%.
